

Mid-City Area Sub-Committee Information

Until N.A has established a good reputation, it may difficult for addicts to find meeting places, if our behavior is still destructive and selfish, we will have difficulty meeting openly. We protect our reputation as a fellowship when we use our meeting facilities with respect, keeping them clean and in good order. We should take care to act like good neighbors conducting ourselves respectfully. The intent of this statement is to inform our members of their responsibilities to the group, as well as to pointing out how meetings are being closed, as a consequence to the actions and behavior of those chooses not to be responsible.
