

RDT Report

August-September 2022

Area Visits – We have started reach out to the Areas for area visits. We visited Rock River August 28th and had a great time. Our next visit is North City on November 13th. We are waiting on confirmation from the other areas

Budget- The RDT is working on it's 2023 budget. We tentatively have two MZF workshops to attend and an in person WSC.

MZF – The MZF meet on ZOOM on 08/27. We knocked out all the business in one day. Highlights of the meeting: The MZF will be meeting with another Zone for a CAR workshop. The MZF will meet twice a year on ZOOM and twice a year in person based on the needs of the hosting region. Once I get the full report, I will forward it to the Secretary

WSC – World Service Conference Participants met on August 20th and discussed the upcoming conference. I have included the power point. We very briefly discussed recognizing virtual meetings as group. We discussed three topics and were than polled on them at a later date. They are as follows

1. *Should the World Board offer a motion in the 2023 CAR to revise A Vision for NA Service to be more inclusive to all members: specifically, changing the phrase “his or her own language and culture” to the phrase “their own language and culture.” If that change were made, the first bullet point of the vision would read “every addict in the world has a chance to experience our message in their own language and culture.” 83% in favor*
2. *If we upgraded to a different platform, would you use a CP Discussion Board provided by NA World Services? 70% in favor*
3. *The World Board intends to offer a motion in the 2023 to revise the Operational Rules of the FIPT, including the inspection clause. This motion is an updated version of the motion in the 2020 CAR. WSC 2018 had consensus support that an inspection of the trustee activities should be a decision made by the WSC and not just one region. What percentage should be required to make that decision? A consensus was not reached on this issue 59% for 2/3rds and a second poll was sent out. The RDT supports the 2/3^d*

I have added a copy of the survey results to the report for those who are interested. The next Conference participant web meeting is October 22nd, 11am to 1pm PST. A new presentation about the future of the WSC has been posted. It is a reframing of previous discussion. It can be found at <https://www.na.org/?ID=conference-index>. The latest NAWS NEWS is out, and I have forwarded it. The big news The SPAD is available for purchase!! The item # is 1110 and the cost is \$13 plus s&h. The Little White Book Special Edition is back in stock that item # is 1501
