

Facilitator's Report

September 25, 2022

Attended BOD meetings on August 4, 2022 and September 8, 2022. Thenese has finished her service hours for the BOD. BOD needs qualified members to join the BOD. Please put the word out for BOD candidates. Jeff A. Is still working with the landlord for an intercom system for the CSO office. A roofer will be re-sealing the roof where it leaks; plumbing issues have been taken care of.

Regarding travel reimbursement, the BOD has decided not to proceed with travel reimbursement for BOD members.

There was a discussion about the vendor fee that the Joliet Convention is charging the CSO (\$300). There's a consensus that they should not be charging the CSO a vendor fee. Jarvis will be speaking to the Joliet Convention Committee to discuss this issue.

CRC XXXV and Events in support of the convention are moving along nicely. More details will come in the subcommittee reports.

Thank you for letting me be of service.

Sam C.
