

RDT Report June/July

Area Visits:

We are scheduling area visits. RCM's please check with your area's.

Regional Policy:

The WSC will meet every three years for the next two cycles. We will need to adjust our policy. There are a lot of meetings that the RDT must attend and many they should be encouraged to attend. It is the feeling of the current (at the time of this report) RDT that this should be spelled out more explicitly in the CRSC policy to prepare future RD and AD positions to coincide with the current WSC Conference Cycle.
